

SCHOOL DISTRICT 21 MULTI-MEDIA CONSENT FORM

JR-E

School District 21 is often involved in PLANS to share and document classroom activities, and support LEARNING opportunities for the community and district personnel. These projects may involve still photos, video tapes, audio tapes, samples of students’ work and possible “one-on-one” interviews of you and/or your child.

The end product of these efforts will be used to improve learning and teaching consistent with the educational mission of District 21. This will help us share our accomplishments and also help us showcase best practices in District 21 classrooms to all members of the educational community. Your consent will allow us to show the rest of the school community the talent and creativity of the students, parents and staff. District 21 expects legal, ethical and efficient use of the above mentioned multi-media products.

In addition these multi-media tools may be used as promotional activities for District 21.
