

NLU is now offering advanced degrees in Applied Behavior Analysis (ABA) designed for students interested in a career as a professional behavior analyst.

WINTER 2020 COHORT

JOIN A COMMUNITY

Build a foundation of knowledge that enables you to contribute to the needs of local and global communities through personal attention and coursework that is both practical and proven.

CHOOSE CONVENIENCE

Courses are taught in a blended model with weekly online videos and tutorials and face-to-face class time.

CAREER OUTLOOK

Per the Behavior Analyst Certification Board's (BACB) national workforce report, the demand for behavior analysts increased 800% from 2010 to 2017, with demand increasing in nearly every state. Illinois ranks in the top 5 states with the highest demand for the BCBA credential.
