

## Restorative Conversation

1. What happened? or What's been happening?
  - From your perspective, can you explain what happened?
2. What were you thinking or feeling at the time? What have you thought about since? How are you feeling now?
  - What were you thinking about (before, during, and after)?
  - Why do you think you responded in the way that you did?
  - What could you have done differently that could have resulted in a better outcome?
3. Who do you think was affected by this?
  - Who was directly and indirectly affected by this?
  - Explain the difference between directly and indirectly.
  - How do you think others feel about what you did?
  - **Did this situation play out the way that you wanted it to?**
4. What do you think needs to happen to make this right/repair the harm?
  - What's one thing that you feel you can do to help everyone believe that you understand what you did wrong?
  - Is there anything else that you think you can do?
5. What can you do next time to prevent this from happening again?
